

KLove is listener supported and we love our station. It is positive, encouraging, inspirational and its like coming home. Our entire family listens to KLove. If you remove our FM translator, we wouldn't have the option to listen and we would not listen to anything else. People always ask us what station we are listening to so that they can too. We need positive words of healing, encouragement during these perilous days. PLEASE DO NOT TAKE AWAY OUR STATION. Thankfully yours, Sanchez Family
